PROFESSIONAL SUMMARY

Front-End Developer with over 3+ years of experience in building high-performance, responsive web applications using React.js, JavaScript, HTML, and CSS. Skilled in agile development, version control (GIT), and tools like Jira to ensure smooth project delivery. Proven ability to ensure cross-browser compatibility and reduce bug reports by 15%. Strong team collaborator with a focus on continuous learning and implementing modern technologies.

PROFESSIONAL EXPERIENCE

Tata Consultancy Services, System Engineer

12/2021 – present | Hyderabad, India

PROJECTS

ELAVON BOARDING SERVICES

12/2021 – present

Roles and Responsibilities:

- Led front-end development for a banking application using React.js, JavaScript, HTML5, and CSS3, ensuring responsive, user-friendly interfaces with cross-browser compatibility and optimized performance.
- Developed and implemented reusable UI components using the US Shield Interfaces Library, ensuring consistency with U.S. Bank product design standards and improving development efficiency, scalability, and maintainability across multiple front-end projects.
- Identified and enhanced user interactions by developing highly responsive and dynamic UI components using React.js, including advanced concepts such as hooks, functional components, and state management, resulting in improved user engagement and application performance.
- Collaborated in a 15+ member Agile team, contributing to sprint planning, daily stand-ups, and retrospectives, ensuring on-time delivery of client solutions.
- Integrated RESTful APIs with backend teams, ensuring seamless data flow and robust error handling for optimal UI functionality across dynamic web applications.
- Partnered with QA teams to identify, track, and resolve defects by conducting comprehensive front-end testing and implementing effective solutions, resulting in improved application quality, performance, and user experience.
- Utilized Git for version control and Jira for task and workflow management, ensuring streamlined collaboration, codebase integrity, and fully trackable development processes within Agile sprints.

TECHNICAL SKILLS

Frontend Technologies — React JS | JavaScript(ES6+) | HTML5 | CSS3

Version Control — GIT | Jira

Languages — Python | SQL

Development & Workflow — VS Code | Agile | Scrum | Cross-Browser Compatibility | Responsive Web Design

Testing & Debugging — Jest | React Testing Library | Chrome DevTools

Soft Skills and Collaboration — Problem-solving | Communication | Team Collaboration

CERTIFICATES

HackerRank JavaScript certification. — Certificate Id: A6A98BCE0609

HackerRank Introduction to programming Using Python — certificate Id: 75D612991AF3

HackerRank CSS Certification — Certificate Id: F976FC0EAE62

EDUCATION

Aditya College of Engineering, Bachelor of Technology in
Electronics and Communication Engineering

08/2017 – 09/2020
Surampalem, Andhra Pradesh, India
